

## Statement Regarding California Proposition 65

North Star Sensors has determined, to the best of its knowledge, that the materials and chemical compounds used in its products are in forms and are at levels that pose no significant health risk of exposure to individuals as defined in the Safe Drinking Water and Toxic Enforcement Act of 1986 (CA Proposition 65), assuming the North Star Sensors' products are used, handled, and packaged in appropriate manners that do not adversely alter the chemical or physical properties of the products. Customers assume all responsibility and liability for proper packaging, handling, use, and disposal of North Star Sensors' products assembled into their products in accordance with all applicable local, state, and federal regulations.
